

COMMEMORATIVE PAVER PROGRAM

The NRH Parks and Recreation Commemorative Paver Program was developed to provide the public the opportunity to honor a loved one with the placement of an engraved paver hardscape in that person's honor.

HOW DOES THE COMMEMORATIVE PAVER PROGRAM WORK?

Complete the [Commemorative Paver Program Application Form](#) and return with payment to the NRH Senior Center Front Desk. Application forms will not be accepted without full payment. Paver applications may be submitted any time of the year; however, they will be ordered and installed in three-month intervals in March, June, September and December. The donor may request a general paver location within the designated paver area for any blank available space. No location is guaranteed, but staff will work to accommodate within the general location as feasible.

Two paver sizes with designated paver colors are available to choose from. Once an application is received, it will be reviewed and submitted to the engraver for fabrication. Engraving verbiage is subject to approval by NRH Parks and Recreation Director or designee. Pavers will be installed at the end of the three-month period in which the application was received. If the paver is ever damaged it will be replaced at no expense to the applicant.

What do you receive with a \$100 small or \$250 large paver?

- **Small Paver includes:** 4"x8" paver with up to four lines at 16 characters per line.
- **Large Paver includes:** 12"x12" paver in Buff Leuders Stone. Large Pavers can have up to ten lines with up to 20 characters per line. Large pavers on the curvature of the paver area may be trimmed slightly to fit but will still support lines and characters.
- Engraving will be painted black
- Spaces, commas and other characters are included in the character count.

Please contact the City of North Richland Hills Parks Department for more information or questions at 817-427-6620.

COMMEMORATIVE PAVER PROGRAM APPLICATION

Paver applications may be submitted any time of the year; however, they will be ordered and installed in intervals of March, June, September and December. Pavers will be installed at the end of the three-month period in which the application was received.
